

Francis Lake

is located one mile beyond Number Four on Stillwater Road. There is small an handicap parking lot/boat unloading area along Stillwater Road, you can park on the road shoulder. A small lake with two houses / inholdings on it, the most fascinating park is the large eskers on the south-eastern portion of the lake. There is a campsite on the large esker -- however this portion of the lake tends to be buggy due to this end of the lake being shallow and marshy.

Map created by Andy Arthur on 10/25/2024 in QGIS 3.34.11-Prizren. Contains US Forest Service Base Map with NYS DEC data. More maps at andyarthur.org.
