

State of Moo

Number of Places Named Cow

within that state according to the Geographic Names Information System (December 2024)

California leads the nation in number of places named after our bovine friends. But apparently Wisconsin's Dairy Land has no cows.

Map by Andy Arthur, February 4, 2025. Geographic Names Information System, `select state_name, count() FROM gnis_dec_2024.parquet where feature_name LIKE 'Cow %' GROUP BY state_name;`
