

Flat Rock State Forest. Flat Rock State Forest features 1.4 miles of forest haul roads as well as 2 miles of snowmobile trails, which are open to other uses. There is an access point and a place to park off of the Military Turnpike. Located on the Altona flat rock sandstone pavement, Flat Rock State Forest consists of several separate parcels within a rare jack pine sandstone pavement barrens habitat. The largest parcel has multiple-use trails and a snowmobile trail. Much of the property is largely undeveloped and well suited for hiking, hunting and nature viewing.
